

ARCTIC VENUE PROGRAMME

The programme may be subject to minor changes. Check www.arcticvenue.dk for updates.

	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-1730	17.30-18.00		
SAT 12 TH DEC	Lectures & films presentation	Presentation of film The Invisible Enemy in the Arctic (in English/Danish) <i>Eva Cecilie Bonefeld-Jørgensen, Aarhus University</i>					Presentation of film Chasing the Polar Storm <i>Erik Kolstad, Bjerknes Centre</i>		What is Normal Climate? <i>Marit-Solveig Seidenkrantz, Aarhus University</i>					
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	Climate and Environmental Change in the Arctic – CECA	The Secrets of the Ice – 1	The Secrets of the Ice – 2	Three	The Greenland Ice Sheet in a Changing Climate	Beyond the Poles	Carbo Ocean – Hunting for CO ₂	Circumpolar Biodiversity Monitoring Programme	The SWIPA project	
	Other events			Opening Session										
SUN 13 TH DEC	Lectures & films presentation	Presentation of film The Invisible Enemy in the Arctic (in English/Danish) <i>Eva Cecilie Bonefeld-Jørgensen, Aarhus University</i>		Arctic State Changes Implications for Governance <i>Oran Young, Arctic Governance Project</i>				Arctic Shorebirds and the Climate (in Danish) <i>Hans Meltofte, NERI, Aarhus University</i>	The Research Station in Zackenberg, North East Greenland (in Danish) <i>Morten Rasch, NERI, Aarhus University</i>	Sea Ice in the Arctic <i>Rasmus T. Tonboe, DMI</i>	Past Human Responses to Climate Change – an Arctic Long Term Perspective <i>Mikkel Sørensen, National museum & Saxo</i>			
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	Climate and Environmental Change in the Arctic – CECA	The Secrets of the Ice – 1	The Secrets of the Ice – 2	Three	The Greenland Ice Sheet in a Changing Climate	Beyond the Poles	Carbo Ocean – Hunting for CO ₂	Circumpolar Biodiversity Monitoring Programme	The SWIPA project	
	Other events							Press briefing – by invitation only						
MON 14 TH DEC	Lectures & films presentation						Historical Perspectives on Climate Change in the Arctic <i>Casper Andersen, Aarhus University</i>	NordSEIL-project on Sustainable Energy Solutions in Isolated Communities <i>Unep Risoe</i>	The Impacts of Climate Change on Arctic Ecosystems are Monitored in Detail (in Danish) <i>Mikkel Tamstorf, NERI, Aarhus University</i>					
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	The Arctic Eye		Climate and Environmental Change in the Arctic – CECA	Three	The Greenland Ice Sheet in a Changing Climate	About Research at Zackenberg	Carbo Ocean – Hunting for CO ₂	The Invisible Enemy in the Arctic / Den usynlige fjende i Arktis	The SWIPA project	
	Other events							Reception. Release of a book on Nature and Climate Change in North East Greenland (In Danish)						
TUE 15 TH DEC	Lectures & films presentation						Challenges and Solutions Within Maritime Cleantech in the Trans-Atlantic Region <i>Ólavur Gregersen, BlueGreen Future</i>	BlueGreenFuture – Bridging the Gap Between Research and Industry. <i>Ólavur Gregersen, BlueGreen Future</i>	Arctic Shipping in the Future <i>Trausti Valsson, University of Iceland</i>		ACCENT Project presentation <i>Arctic Centre</i>			
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	Tara – Journey to the Heart of the Climate Machine			Carbo Ocean – Hunting for CO ₂	The Greenland Ice Sheet in a Changing Climate	Chasing the Polar Storm		Climate and Environmental Change in the Arctic – CECA	The SWIPA project	
	Other events	Polar Science Day – By invitation only. At other venue.												
WED 16 TH DEC	Lectures & films presentation						Arctic Climate Change in the 21 st Century <i>Lasse Pettersson, Nansen Centre</i>	Monitoring Climate Impacts in Kobbefjord, Nuuk (in Danish) <i>Peter Aastrup, NERI, Aarhus University</i>	The Northern Sea Route – a New Corridor Between Europe and Asia? <i>Lasse Pettersson, Nansen Centre</i>		Greenland Ice Cores and Climate Change <i>Jørgen Peder Steffensen NBI, Univ. of Copenhagen</i>			
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	The Arctic Eye		Beyond the Poles	Three	The Greenland Ice Sheet in a Changing Climate	The Secrets of the Ice – 1	The Secrets of the Ice – 2	Climate and Environmental Change in the Arctic – CECA	The SWIPA project	
	Other events	Inuit and Arctic Indigenous Peoples' Day – (starts at 11.00), ICC in Hall of Sand												
THU 17 TH DEC	Lectures & films presentation						Nordic Climate Initiatives. FreshNor The Freshwater Budget of the Nordic Seas <i>Jens Hesselbjerg Christensen, DMI</i>	Nordic Climate Initiatives. Top-level Research Initiative <i>Michael Andersson, Nordforsk</i>	Fate of the Arctic Sea Ice <i>Naja Mikkelsen, GEUS</i>		Black Carbon and Short-lived Climate Forcers in the Arctic <i>Pam Pearson, Climate Policy Center, Europe</i>			
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	Tara – Journey to the Heart of the Climate Machine			Climate and Environmental Change in the Arctic – CECA	The Greenland Ice Sheet in a Changing Climate	The Secrets of the Ice – 1	The Secrets of the Ice – 2	The Invisible Enemy in the Arctic / Den usynlige fjende i Arktis	The SWIPA project	
	Other events													
FRI 18 TH DEC	Lectures & films presentation						Climate Changes in the Arctic (in danish) <i>Morten Rasch, NERI, Aarhus University</i>	Greenland Ice Sheet Variations from Satellite Altimetry <i>Helene Langehaug, Nansen Centre</i>	ArcticROOS – Ocean Observing System for the Arctic <i>Helene Langehaug, Nansen Centre</i>		The Ozone Layer and Climate Changes <i>Niels Larsen, DMI</i>			
	Films	The SWIPA project	The Greenland Ice Sheet in a Changing Climate	Circumpolar Biodiversity Monitoring Programme	Chasing the Polar Storm			Beyond the Poles	Carbo Ocean – Hunting for CO ₂	The Greenland Ice Sheet in a Changing Climate	The Secrets of the Ice – 1	The Secrets of the Ice – 2	Circumpolar Biodiversity Monitoring Programme	The SWIPA project
	Other events													

Arctic Venue permanent exhibition in Olivin Hall and at the harbour front: 30 Research institutions and organisations presenting findings and insight in Climate Change in the Arctic.

Arctic related exhibition at the North Atlantic House • In the Eye of Climate change, www.climategreenland.dk • Burning Ice & Top of the Iceberg – installation, www.bryggen.dk
